

FIELD VISIT REPORT

I. Preliminary Information

Title of the Visit: Academic visit as per PCI Syllabus

Subject Name & Code: Community Pharmacy (ER20-20P)

Date of Visit: 02/04/2026

Location/Address: Rani Lakshmi Bai Combined Hospital, Rajajipuram, Lucknow

Name of the Faculty In-charge: Mr. Rizwan Ul Hasan/Dr. Syed Shariq Mian

II. Introduction

Objective of the Visit:

The objective of the visit was to understand the functioning of a community pharmacy, including dispensing practices, patient counseling, drug storage, and inventory management.

Brief Profile of the Organization:

Rani Lakshmi Bai Combined Hospital is a government healthcare facility providing outpatient and inpatient services. The pharmacy department caters to a large number of patients by supplying prescribed medicines and ensuring rational drug use.

III. Observations

Technical Details:

- Proper storage conditions for drugs were maintained.
- Medicines were arranged systematically (category-wise and expiry-wise).
- Prescription screening was performed before dispensing.

Operational Workflow:

- Patients submit prescriptions at the pharmacy counter.
- Pharmacist verifies prescription and dispenses medicines.
- Basic instructions regarding dosage and administration are provided.
- Stock registers and records are maintained regularly.

Innovations/Techniques:

- Use of computerized billing and record system.
- Barcode system for easy identification of medicines (if available).
- Patient awareness through labeling and verbal counseling.

IV. Learning Outcomes

- Gained knowledge about real-life pharmacy operations.
- Understood the role of pharmacists in patient care.
- Learned about drug storage, dispensing, and inventory control.
- Observed patient-pharmacist interaction and counseling techniques.

V. Conclusion

The field visit was informative and helped bridge the gap between theoretical knowledge and practical exposure. It enhanced understanding of community pharmacy services and the professional responsibilities of a pharmacist.

**ERA COLLEGE OF PHARMACY, ERA UNIVERSITY CELEBRATES NATIONAL
PHARMACY WEEK 18th & 19th NOV. 2025 ON THEME “PHARMACISTS as
ADVOCATES of VACCINATION”**

Era College of Pharmacy, ERA University Lucknow successfully celebrated NATIONAL PHARMACY WEEK 2025, theme “PHARMACISTS as ADVOCATES of VACCINATION” with great enthusiasm, highlighting the talent, creativity, and intellectual excellence of its students through a series of academic and co-curricular events. The weeklong celebration aimed to highlight the vital role of pharmacists in healthcare while fostering professional skills, teamwork, and leadership among budding pharmacy professionals.

The event was graced by the presence of the Prof. (Dr.) Mohammad Asif (Principal, ERA College of Pharmacy), Prof. Dr. Mohini Chaurasia, (Dr.) Raj Kumar Tiwari Prof. (Dr) Alok S. Tripathi, and all faculty, staff members and students of Era college of pharmacy. Dr. Asif gave the welcome speech and brief about the event.

There were three competition organized by college, poster presentation, chess and carrom, and debate competition. The Pharmacy Week began with an impressive **Poster Presentation Competition**, where students displayed scientifically rich and visually appealing posters on themes related to public health. Participants demonstrated exceptional research skills and creativity, while judges evaluated their work based on scientific relevance, clarity, and presentation skills. The chess event witnessed intense matches as participants display analytical skills and quick decision-making abilities. The carrom competition brought lively energy and friendly rivalry, with students demonstrating precision and coordination. **Debate Competition** provided students a chance to voice their opinions on Generic Medicine v/s Branded Medicine and Telepharmacy v/s Retail Pharmacy. Participants presented well-structured arguments, rebuttals, and counterpoints,

reflecting their critical thinking and communication skills. Winners were awarded medals and certificates, recognizing their exceptional performance.

Event Report

Industrial Visit Report

DATE: 4th March, 2024

LOCATION: Himachal Pradesh, Baddi, India

Day 01: Glenmark Pharmaceuticals

EVENTS 2024

Introduction: The first stop of our visit was Glenmark Pharmaceuticals located in Sanerh, Himachal Pradesh, India. Glenmark Pharmaceuticals is a leading pharmaceutical company known for its innovative research and development in the field of medicine. The Glenmark unit in Baddi is a multi-purpose facility capable of manufacturing various pharmaceutical formulations. It specializes in producing a wide range of products including tablets, capsules, injectables, and other dosage forms. The unit is designed to cater to both domestic and international markets, contributing to Glenmark's global supply chain.

Activities:

1. **Welcome and Introduction:** Upon arrival, we were warmly welcomed by the staff members of Glenmark Pharmaceuticals. They provided us with an overview of the company's history, its mission, and its contributions to the pharmaceutical sector.
2. **Factory Tour:** We were given a comprehensive tour of the manufacturing facilities. This included the Warehouse and packaging units. We observed the various processes involved in drug manufacturing, from raw material processing to final packaging.

EVENTS 2024

3. **Interactive Sessions:** There were interactive sessions conducted by experts from different departments. We had the opportunity to learn about the latest technologies and processes used in pharmaceutical manufacturing. We also gained insights into regulatory compliance and quality assurance practices.

4. **Q&A Session:** A question and answer session was held where we could clarify our doubts and engage in discussions with industry professionals. This provided valuable insights into the challenges faced by the pharmaceutical industry and the career opportunities available in this sector.

Key Learnings:

- Understanding of Good Manufacturing Practices (GMP) and quality control measures in pharmaceutical production.

EVENTS 2024

- Insight into the complexities of drug development and regulatory requirements.
- Exposure to state-of-the-art technologies used in pharmaceutical manufacturing.

Day 02: Unichem, Baddi, Himachal Pradesh, India

DATE: 5th March 2024

LOCATION: Baddi, Himachal Pradesh.

Introduction: Continuing our industrial visit, on the second day, we visited two prominent pharmaceutical companies located in Baddi, Himachal Pradesh, India - Unichem and Medipol. Both companies are renowned for their contributions to the healthcare industry and their commitment to quality and innovation.

Activities:

- **Factory Tour:** At Unichem, we toured the manufacturing facilities, including the packaging lines and Warehouse, Receiving Units. We gained insights into their product portfolio and the processes involved in pharmaceutical manufacturing.

EVENTS 2024

- **Interaction with Experts:** We had the opportunity to interact with professionals from different departments, including production, quality assurance, and research and development. This allowed us to understand the diverse roles within the pharmaceutical industry.

Day 02: Medipol Pharmaceuticals pvt ltd, Baddi, Himachal Pradesh, India

DATE: 5th March 2024

LOCATION: Baddi, Himachal Pradesh.

EVENTS 2024

- **Overview and Presentation:** Medipol provided us with an overview of their company's history, vision, and objectives. They also conducted a presentation on their products and manufacturing processes.
- **Factory Visit:** Similar to Unichem, we were given a guided tour of Medipol's manufacturing facilities. We observed their production lines, Packaging Units, Quality Control Labs and learned about their quality control measures.

Key Learnings:

- Exposure to different manufacturing processes and technologies employed by pharmaceutical companies.
- Understanding of the importance of quality control and regulatory compliance in ensuring the safety and efficacy of pharmaceutical products.
- Insight into career opportunities and the day-to-day operations of pharmaceutical companies.

EVENTS 2024

Conclusion: The industrial visit to Glenmark Pharmaceuticals, Unichem, and Medipol provided us with invaluable practical insights into the pharmaceutical industry. It enhanced our understanding of the complexities involved in drug manufacturing and reinforced the importance of quality and compliance in the healthcare sector. We are grateful for the opportunity to witness firsthand the operations of these esteemed companies and believe that this experience will greatly benefit our academic and professional pursuits in the field of pharmaceutical sciences.

Day 03: Manali, solang valley, Himachal Pradesh, India

DATE: 6th March 2024

SGPGI Educational Visit 04.12.2024

Event Name: World Pharmacists Day 2026

Era College of Pharmacy, Era University, Lucknow, celebrated World Pharmacists Day 2026. on 25 September 2026. The programme was organized by the FORD Committee, Era College of Pharmacy, Era University, Lucknow. This year's theme of World Pharmacists Day is **“Empowering Pharmacists for Healthier Futures”** and Sub Theme **“Swastha Bharat: Combating Antimicrobial Resistance (AMR)”**. This celebration focused on Pharmacists and its key role in the healthcare system in the society. It also focused on the career opportunities of students and how leaders in the pharmaceuticals field are increasingly making a name for themselves by breaking down barriers. The event was graced by the presence of the honourable VC Sir Prof.(Dr.) Abbas Ali Mahdi along with Prof. (Dr) Mohammad Asif (Principal, Era College of Pharmacy) and Prof. (Dr). Rajkumar Tiwari welcomed Dr. Asif with a planter. Dr. Mohammad Asif welcomed distinguished Guests with a planter: Dr. N. P. Yadav – Guest of Honour, Scientist F, CSIR-CIMAP, Lucknow, **Mr. Ramesh Chandra Srivastava** – Special Guest, OSD, UP Pharmacy Council, Lucknow, Mr. R. A. Gupta – Special Guest, National President, Indian Hospital Pharmacists Association (IHPA), Lucknow. Their presence added great value to the celebration and provided an opportunity for students and faculty members to gain insights into the professional responsibilities and future role of pharmacists.

Dr. N.P. Yadav emphasized on formulation and provided knowledge of herbal formulation and introduced CDRI and CSIR to the students. Mr. Ramesh Chandra Srivastava emphasized the role of PCI for pharmacists, how to become a registered Pharmacist and emphasized the growing responsibilities of pharmacists in modern healthcare. The sub-theme, “Swastha Bharat: Combating Antimicrobial Resistance (AMR),” focused on one of the major challenges associated with the inappropriate and excessive use of antimicrobial medicines.

The Programme highlighted the importance of responsible use of antimicrobials, prevention of antimicrobial resistance, accessible healthcare, building a healthier future, and promoting awareness regarding the appropriate use of medicines.

Students participated in various competitions such as Quiz, Reel-making, Rangoli and Nukkad Natak, which was organized on World Pharmacists Day. More than 250 students were present, and students enthusiastically took part in the events. Certificates were distributed to the winners by Dr. Asif along with faculty members of Era College of Pharmacy. At last, the vote of thanks was given by Prof. (Dr). Rajkumar Tiwari
